Veterinary Use Only

Pr BMD® 110 G

Medicated Premix

Product Description

BMD® 110 G (bacitracin methylene disalicylate) is available as a medicated feed additive for prevention of clostridial enteritis in suckling piglets caused by *Clostridium spp*. susceptible to bacitracin. BMD 110 G contains 110 grams of bacitracin methylene disalicylate per kilogram of premix.

Indications for Use

- **Pregnant and lactating sows or gilts:** Feed for 2½ weeks before farrowing through 3 weeks after farrowing for prevention of clostridial enteritis in suckling piglets caused by *Clostridium spp.* susceptible to bacitracin.

Storage and Packaging

- Store in a dry place at room temperature.
- BMD 110 G is packaged in a 25 kg bag.

Withdrawal Information

- No withdrawal period is required for swine when treated according to the label.

Swine Information: Medicated Bacitracin Methylene Disalicylate

Active Drug Ingredient	Contains 110 g of bacitracin methylene disalicylate per kilogram of premix.	
Composition	A dried precipitated fermentation product obtained by culturing *Bacillus licheniformis* tracy on media adapted for microbiological production of bacitracin; calcium carbonate. Granular antibiotic product.	
For manufacturing complete feeds for pregnant and lactating sows or gilts.		
Mixing Directions	To reduce the development of antimicrobial resistance and maintain effectiveness, use this antibiotic prudently and for the shortest duration required to achieve the desired clinical outcome.	
Species	**Kilograms of BMD® 110 G** per kilogram of complete feed	**Indications for Use**
Pregnant and lactating sows or gilts	2.5 kg – 997.5 kg	For the prevention of clostridial enteritis in suckling piglets caused by *Clostridium spp.* susceptible to bacitracin, feed for 2 ½ weeks before farrowing through 3 weeks after farrowing.
Withdrawal Information	No withdrawal period is required for swine when treated according to the label.	
Warnings	When handling the product, avoid inhalation, oral exposure and direct contact with skin or eyes. Keep out of reach of children.	
Cautions	Do not use in feeds containing pellet binding agents with the exception of Ameri-Bond 2x (calcium lignosulfonate) and Pel-Stik.	

For Feed Manufacturing Use Only.
